AV Wall Mounts Catalogue

Invest in the best

From the creation of the industry's first TV mount in 1964, Peerless continues to lead the way in today's digital environment. Our drive to innovate continues with everything we do, from the very first flat panel mount, to the only precision gear projector mount, and lately developing a full range of ultra-slim flat panel mounts, Peerless delivers form, function and innovation in every product we design and produce.

From the retail shelf to professional installations into homes, schools and virtually anywhere, Peerless offers innovative products for every possible application.

Peerless strives to improve quality of life for people and the environment around the world. We work together on a daily basis with our suppliers to help create a more sustainable approach to

manufacturing professional-quality, professional-grade mounting solutions whilst minimising our environmental footprint.

Working closely with TV manufacturers, professional installers and integrators, Peerless creates mounting solutions that are simple-to-install, offer incredible versatility and are ready for the latest technology and trends. Our mounts are designed and manufactured in our state-of-the-art facility, giving Peerless full control over production and quality.

We're dedicated to providing simply the best AV mounting solutions and with three distinct ranges - including the specialist, ultra low-profile Slimline, the stylish, feature packed PerfectMount and the functional, easy-to-install Paramount - you are sure to find the right mount for your requirements.

See the Mount Finder™ section on the back page on this catalogue or on-line at www.bbg.eu.com to confirm the compatibility of your screen and find more details on the full range of award winning Peerless products.

Peerless AV Wall Mounts - the right choice for your home

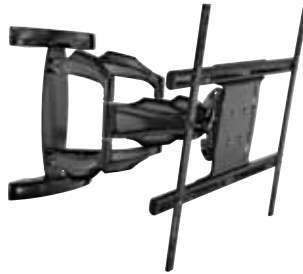

With mounting solutions that are innovative, focused on quality, have excellent functionality and an ease of use that is second to none, Peerless is a name that perfectly sums up our extensive product range. Peerless has a long and distinguished manufacturing pedigree stretching back over 40 years and is at the forefront of designing mounts to complement the very latest electronics.

SlimLine[®]
by Peerless

Specialist for discrete mounting
ultra-thin LED and LCD panels

PerfectMount[®]
by Peerless

Stylish and feature packed mount
for screens from 10" up to 71"

PARAMOUNT[™]
BY PEERLESS

Functional and easy to install
mounts for every application

Peerless range of mounting solutions have been
awarded numerous accolades including:

Home Cinema Digest : Best Wallmount Brand
Sound & Vision Install : Best AV Mounting Solution

Slimline®

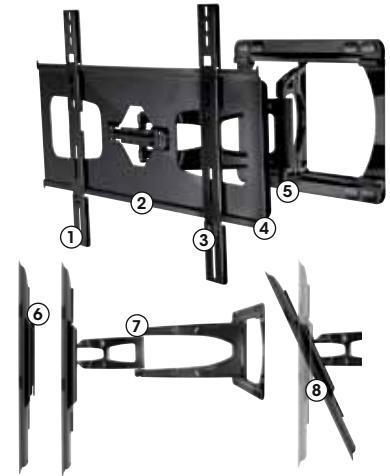

The Slimline range has been specifically designed and developed to complement the very latest ultra-thin LCD and LED flat panel screens, which become thinner all the time and require a wall mount that maximises this reduction in depth by positioning the screen as close to the wall as possible.

The flat-to-wall Slimline product is the world's thinnest flat panel mounting solution at only 0.84cm – Yes that's only 8.4mm! – making it almost invisible once installed. The unique and innovative tilting and articulating Slimline mounts offer increased versatility whilst maintaining a discrete, ultra-slim installation.

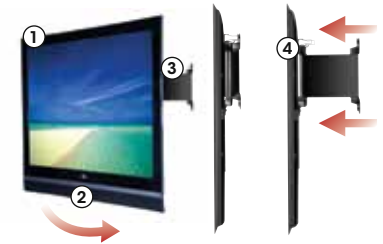

The Slimline offers simple fitting, a flexible screen mounting design and secure support, so make a stunning statement with the most discrete wall mount ever developed for your brand new screen.

- 1. Mounting adaptors** with easy hook-on design
- 2. Side-to-side swivel** up to $\pm 90^\circ$
- 3. Adjustable/Universal mounting** up to 800 x 400mm
- 4. $\pm 5^\circ$ of roll** to level screen horizontally
- 5. Cable management** for keeping connecting cables tidy
- 6. Ultra-thin design** holds screen only 8mm from the wall (SLWS210)
- 7. Arm retracts** to 28mm (1") and extends up to 734mm (28.9") from wall
- 8. One touch tilt** allows adjustment of $+15^\circ/-5^\circ$ without the use of tools

Model shown **SLWS350/BK** Large Articulating Wall Mount

- 1. Remote control operation** with 3 convenient one-touch memory preset positions
- 2. Automatic screen centring** and wall detection for ease of installation & safety
- 3. Near silent operation** (25dB) with smooth motorised action
- 3. Motorised movement** from 35mm (1.4") from the wall, extends up to 220mm (8.7") from the wall and pans 20° left and right for the ideal viewing position

Model shown **MOWV241/BK** Motorised Pivoting Wall Mount

It's so easy to choose the right wall mount! There are just two questions to ask:

1. What size screen do you have? 2. Do you want your screen flat to the wall, tilting or articulating?

SlimLine®

	FLAT	TILT	ARTICULATING	MOTORISED PIVOT
MED/LARGE Screen Size 32-46" Ultra-thin screens	SLWS210/BK Holds screen 8.4mm from wall  VESA Pattern: Universal up to 450x400mm Max Weight: 68kg (150lbs)	SLWS220/BK* Holds screen 17mm from wall  VESA Pattern: Universal up to 450x400mm Max Weight: 45kg (100lbs)	SLWS250/BK* Arm retracts to 25mm from wall  VESA Pattern: Universal up to 450x400mm Max Weight: 27kg (60lbs)	MOWV241/BK (Supports 23-46")  VESA Pattern: 200x200, 300x300 & 400x400 Max Weight: 68kg (150lbs)

Peerless AV Cables

An AV system is only as good as the weakest link. It is the cabling between AV components that leads to poor picture or sound quality. Rule of thumb suggests spending 10-15% of the total value of your system on cables and interconnects.

Peerless offers a range of award winning cables for every budget. From OMEGA - the ultimate quality interconnect, through to ALPHA - your first upgrade cable, you can be assured that a Peerless cable delivers performance, quality and value regardless of the cable you choose.

Peerless AV Furniture

Choosing the right piece of AV furniture for your screen is as much a matter of personal taste as it is a question of functionality and space. An AV stand will not only enhance the appearance of your TV but should also complement your home surroundings.

Peerless make the decision simple by offering a comprehensive range of different award winning models with each style available in a choice of widths to perfectly complement the size of your screen.

Peerless AV Cleaning

Whether it is an ultra-thin LED TV or the latest 3D Blu-ray Player, today's AV devices use amazing levels of technology to deliver the rich AV experience you expect. This technology is delicate however, so that a regular household cleaner can very easily damage your new TV's screen, leading to a degraded image and even failure of your TV.

Peerless-AV offers a range of accessories that cares for your AV equipment effectively yet safely. From alcohol-free screen cleaning solutions for your TV through to a microfibre Blu-ray Disc laser lens cleaner, Peerless-AV Care products will maximise both the AV performance and the lifespan of your equipment.

Mount Finder

It's the easy way to match the right Peerless mount to a screen. With the ability to search through thousands of flat panel and projector models, users can quickly locate the ideal Peerless mount for their flat panel screen or projector. The most advanced mount compatibility system available, from the company that pioneered the MountFinder™ technology.

Option 1

Enter the model number of your LCD TV, Plasma TV or projector

Option 2

Select the brand of your LCD/Plasma TV or projector and then select the model number of your TV or projector

Result

A selection of mounts for your model of TV or projector will then be displayed. You can then Click on each model for more details

Visit www.bbg.eu.com and click on **Mount Finder**
